Association of Radiation Therapy Technologists of India

August 18<sup>th</sup> 2019

**Venue : Mini Auditorium, SGPGIMS**

# Invitation

Dear friends and colleagues,

It gives us immense pleasure to announce that a CME on "*The role of Technologist towards Quality assured Radiation Therapy*" which is being hosted by Department of Radiotherapy, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow, India on 18th August, 2019 (Sunday).

Radiation therapy technology is evolving at a very rapid speed with significant advancements seen each year. Modern technology, however, by itself does not guarantee better treatment unless we as technology professionals acquire skills of correctly using the technology and a culture of teamwork for systematic work processes of advanced techniques is developed. "Purchasing new equipment without a concomitant effort on education and training and on a program of quality assurance can be dangerous".

As an attempt to advocate and raise awareness of the pragmatic use of technology, emphasis on training and developing adequate quality control procedures for new radiotherapy techniques, the theme of the CME has been designed. We plan to host a series of lectures aimed primarily at concerns in implementing modern radiotherapy technologies in India. We shall be discussing the initial experiences and hiccoughs in implementing these techniques. The emphasis will be to develop systems and processes to optimally utilize modern technologies without compromising patient safety and treatment quality.

The theme of CME will focus on all aspects of quality assurance that need to be assured for delivery of radiotherapy precisely to cancer patients. Hence request all participants radiotherapy technologists including students to attend this meeting.

I request you all to block the dates and spread the word to your colleagues and friends. The organizing team shall be in touch with further information.

We eagerly look forward to your active participation.

Sincere regards,

**Mr. Ajay Kumar**  
Organising Secretary

**Dr. KJ Maria Das**  
Chairperson
